

Surgery Logbook

Personal Information

- **Name :**
- **Index Number :**
- **Mobile No :**
- **Email :**

The aim of this Logbook

- Is to provide a source of evidence that the trainee has attained the desired level of competency.
- This is where you are going to document experiences and skills you acquired during your training and clinical rounds.
- Note that the logbook is divided in to several sections.

Contents :

- 1st Part : History Taking.
- 2nd Part : case-based discussion(CBD).
- 3rd Part : Procedures.
- Please note that it is your responsibility to maintain an accurate and complete logbook and to regularly update your records. Should you meet any difficulty, you are advised to contact the teaching assistants for clarification.

FIRST PART

History Taking

01 Case

02 Case

03 Case

04 Case

05 Case

06 Case

07 Case

08 Case

09 Case

10 Case

SECOND PART

Case-based discussions

Discuss the following conditions:

Make a tick ✓ in front of the cases discussed.

Case	DONE
------	------

Inguinal Hernia

Acute Hernia

Thyroid
